

SEAGUARDIAN 112,100 DWT Crude Oil Carrier 15

Contents By Builder By Ship Type

Features

1. Optimized hull form and high propulsive efficiency
2. Cargo oil tanks and piping system in triple segregation groups to allow flexible cargo handling
3. Vapor Emission Control System (VECS) in compliance with USCG requirements
4. Tin-free anti-fouling paint for underwater hull to prevent marine pollution
5. Sumitomo Stern System (SILD, NBS propeller and HLES rudder) saves fuel consumption and improves maneuverability

PRINCIPAL PARTICULARS

Length (b.p.)	228.96 m
Breadth (mld.)	44.0 m
Depth (mld.)	21.8 m
Gross tonnage	60,200
Deadweight	112,100 MT
Main engine	Hitachi MAN B&W 6G60ME-C9.5
MCR (kw x rpm)	11,110kW x 77.0rpm
Classification	Class NK
Builder	Sumitomo Heavy Industries Marine & Engineering Co., Ltd.
